

Dear Honor Flight Personnel

Just dropping you an appreciative line to show how much the Never Forgotten Honor Flight meant to me and my family on May 15th.

Other vets had told me what to expect on the flight, but you have exceeded that by far. From the first phone call (Feb) to the end of the day (15th) we have nothing but praise for the members and volunteers. How gracious and very well organized everyone was is beyond expectations.

My wife Carol also would like to thank all that made her day so comfortable and enjoyable.

Many thanks to those that donated funds to make this possible, but a very heartfelt thanks to all that made this day, and a very special thank you to Roxanne and Jeni.

So, from me, my wife, guardian son Scott, family and friends, we thank each and every one that made this day so special. It is truly a TRIP OF A LIFE TIME.

May God bless all.

Bill Schallock
