Honor Flight # 45

There are not enough words to convey our Thanks and gratitude to all the people involved with Honor Flight # 45. To acknowledge each person individually would be quite the monumental task.

The "Vets" special treatment was a "given" but how the spouses and significant others, were "whined and dined" was unbelievable.

Everything went just perfect and the countries we've spent on this - truly amazing.

My husband - Bob - was to go on the April flight but a few days before - fractured some ribs and was unable to go. This seemed like "fate" as Herb Haydock was my second cousin so we'll have to take flight # 75 all the more special. Also, our son was a JMI grad so quite an honor to be his Dad's Guardian.
