On behalf of Tomahawk Elementary School and our Student Council, we would like to present you with a donation of \$2600.00. Our students worked hard to raise these funds over a two week period in which they took on a challenge entitled "Locked Up for Loose Change." As a reward for raising the needed funds our students were able to lock up our principal for the day and have a student principal lead the school.

We are pleased and proud to be able to share our efforts with you and support the veterans that have dedicated so much of their lives to protecting our country.

Sincerely,

Meghan Barker
