The honor flight was fantastic. There are no words to express my awe of all the details and smooth organization behind a Perfect trip. Thanks for the TRIP and the memories.

On May 20, 2024 at 4am, I was thrilled to be on the 48th Mission of the Never Forgotten Honor Flight with 106 Veterans from WWII, the Korean War, and the Vietnam War. The National Park police escorted us to see many of the monuments in DC that are dedicated service members and the history of our country.

Everywhere we stopped we were greeted by individuals of all ages thanking us for our service. When we returned home, hundreds of well wishers, retired service members, school-aged children, and supporters lined the airport to welcome us home and cheer us on. I shook their hands with tears in my eyes and was profoundly touched by their care and support. I will carry this memory with me for the rest of my life.
