

I wish to thank everyone for what
you did for us & that a big number.
All the people at the airports in DC
& Moscow, I saw it was late at night
& 100's + children too.

It gave a new meaning to my life.
I'm 85 who's routine is seeing my
wife at assisted living each day 2x
& go home so this was an event
that will be with me forever

I appreciate # 9 for covering it
so extensively & it will be my
channel

People everywhere so nice & please
pass this on to anyone involved
God Bless them & our country.
