

Dear Staff/Volunteers etc of the Never Forgotten Honor Flight
My husband had the privilege of being a Vet on the flight about a week and a half ago. The ENTIRE experience was incredible, from the wonderful reception/meal/entertainment the night prior, to the excitement at the airport prior, to all the incredible monuments they found to the tour guide, the food, the comradery among the Vets & relationships & care the volunteers & guards recieved. He was humbled at the monuments, teary when describing these esp. Arlington, changing of the guard at the Tomb of the unknown soldier, when he talked about the reception at the airport in DC he was in complete awe! The return here at CWA was most amazing, esp to me, the air was electric, & I am so much seeing the vets meet family & fellow Vets it was just unbelievable - Thank You, Thank You. THANK YOU for your hard work & dedication.

Love,
Mike & Mary Bennett
