Re: Donation

Hello,

Enclosed is my check number 110 in the amount of \$ [REDACTED] as a donation for veterans to be able to go on one of your flights to Washington. Your website indicated the cost for a veteran to go on a flight is \$500.00 so this should allow [REDACTED] veterans to participate.

I prefer not to have my name divulged to the veterans for whom this donation will cover their flights. If they ask who covered the cost of their trip just tell them it was one veteran showing his appreciation for other veterans who served their country.

If you need any other information regarding this donation, please let me know. I ask that you send me a receipt so that this donation is credited to my account as partial satisfaction of the Required Minimum Distributions I am required to take from my retirement accounts. Thank you.

Sincerely,

Raymond C. Hansen
