Dear Jim & your wonderful Staff, Jim
sitting at home, safe & sound, reflecting
on the incredible events of the last 2
days, spent with 99 other veterans and
their guardians. Words cannot describe the
deep gratitude I have for being included
on the Honor flight. You and your people
were so gracious and so well organized.
Everywhere we went, people were walking up
to shake my hand and thank me for my
service, I was almost, but certainly not
embarrassed by the sincerity of everyone.
I was enchanted - Just when I
thought I had seen it all, we
were again surprised by a welcome
crowd of people - the last straw

being the 1200 plus folks, young and old,
who welcomed us home at CWA at 11:30 p.m.
last night - with even a band, for crying
out loud! The unending list of names on the
Viet Nam and Korea walls brought tears to my
eyes. Every politician who has any say in
putting our young people into combat should be
required to visit those memorials at least
twice every year. And you, Dim, are to be
thanked for your efforts in putting this all
together. I don't know what your rank was
in the military, but you sure know how to
get things done & keep things moving. I do want
to make a contribution to the cause. After all
you provided 2 first class seats on the flight
I'm taking, maybe 10 grand, perhaps cash
or appreciated stock. Give me a call when
you recover! ~~XXXXXXXXXX~~ Duit
