

Honor flight

Dear Honor Flight

I had the pleasure to be on HonorFlight number 51. I cannot begin to describe what the experience was. I was one of those veterans who felt they didn't deserve or earned the trip. After a lot of pressure from family and friends, including talking with Jim Campbell, I finally decided to go. I can not begin to tell you how honored i was to go. The experience exceeded anything that I could have imagined. The organization was outstanding. the volunteers were unbelievable.

I was assigned a guardian, Denise Falkowski. She lives in Tomahawk, Wi. If I had to go out on my own, I could not have picked a better person for me. She was to put it mildly outstanding. I feel like between my wife and myself, we made a. New lifelong friend.

In the future I will be one your best salesmen. I have talked to at least three other veterans and they are seriously considering to sign up. I have one small request. In our gift bag, shirt, jacket and hat, were three Honor Flight business type cards to hand out. If possible I would to have about a dozen more to hand out.

Forever in your debt,
