

Thank you to the Volunteers.
Everything ran pretty smoothly
because of you wonderful people.
I couldn't do anything for myself
as someone was always looking out
for me so special!! Planning was
great at the war memorials, get
food, then right see get back on
the bus take head count too
make sure everyone was back
at the air ports, special check
ins for easier boarding, everything was very smooth
plenty of food & drinks so we wouldn't get dehydrated.
Thank you all so very much

...for people like you.

It was Excellent
