To the Board & volunteers of the Never Forgotten Honor
Flight.

I want to thank your wonderful organization
for my recent Honor Flight (#52). From the moment
I entered the Hilton on Sunday to sign in to
when I fell into bed exhausted on Monday night
at the same Hilton I was so impressed with
everything you did for us. It's hard to say
what the highlight was but I would say
mail call on the flight back, and then all
the people and band that welcomed us home
at the airport. We were the generation of
veterans who weren't welcomed home so I
did have tears at the welcome we
received. Thank you so much for this most
wonderful day.

Please add my name to the list of
people willing to write letters for mail
call. I would especially appreciate sending
notes to women veterans and Marines.

Sincerely,

Elizabeth McBride
