

Dear Honor Flight Executive Committee,
Volunteers & everyone involved

A heartfelt thank-you for
the wonderful experience my husband
had at the past Honor Flight.

The veterans were shown such
kindness and respect that it overwhelmed
us in so many ways. Your organization
thought of every detail to help
the Veterans have the best
experience possible.

My husband said that the best
part of the Honor Flight was shaking the
hands of those that recognized the
sacrifices he & others had made -
"Welcome home brother" was heard from
so many. It was the home-coming
he never received which made it
so special -

Thank you to all of you that helped
in this healing experience -

Nancy & David Vance -
